The Industrial Action at the Liddell Coal Mine in Australia

We notify you of the current status of the industrial action after we announced the occurrence of the strike at the Liddell Coal Mine in Australia on September 5, 2017. Basic agreement has been agreed with Pit Union which workers in open pit belong to. Although it takes some time to make the final agreement, the industrial action which has been occurring intermittently in open pit is expected to be ended. And usual operation has been already resumed.

The forecast of the Company's consolidated financial results for the year ended March 31, 2018 is not changed from the forecast announced on October 6, 2017.
